TUHAISE GIVEN BIHEEGU

Information Systems & Software Development

Kampala, Uganda | +256 760 931 135 | givenmicon@gmail.com

PROFESSIONAL PROFILE

Information Systems student with hands-on experience in telecom customer operations and software development. Builds web-based business systems using PHP/MySQL, Python and JavaScript, with experience in system analysis, integration research and deployment using cPanel, Linux and Git. Seeking an entry-level Business Analyst opportunity.

EXPERIENCE

Software Development / Frontend Developer

Afriboards Consultant | January - September 2026

- Designed and built Lapok DMS for a Coca-Cola distribution outlet, covering role-based access, fleet and stock management, waybills, sales workflows and reporting dashboards.
- Contributed frontend development for web-based business systems.

Customer Experience Centre Intern

MTN Uganda Headquarters | June - August 2026

- Supported IT assistance and customer problem-solving through the call centre.
- Handled customer inquiries using communication and problem-solving skills to support a positive customer experience.
- Gained exposure to mobile money, IT operations and customer systems in a high-volume environment.
